

TAX LEVY IS MADE AT THIRTEEN MILLS

Matter of Great Interest to Residents of City Is Finally Disposed of.

REVENUE DERIVED WILL AMOUNT TO \$675,538.36

Considerable Other Business of Importance Also Is Transacted.

Although the board of estimates and apportionment has not quite completed its report on the funds required for the various city departments for the remainder of the year, it has progressed far enough in its work to know that the city tax levy will remain the same as last year, 13 mills. A resolution was presented by the committee Monday night fixing the levy at that rate, and the same was adopted by the council. The assessed valuation of property in the city is \$2,150,729, and the revenue derived from that at 13 mills will amount to \$675,538.36. The board held another meeting Monday morning and, in addition to the resolution to depart from the estimate, decided to allow the street department practically \$20,000 more than it had the first six months of the year.

The street supervisor asked for \$15,000 and the board at first asked him to cut this down to about \$5,000, but it was decided that the street department should not be reduced, so it was agreed to give it the sum now requested. The board of the board will be changed in some respects in order to provide for the additional money for the street department and it will be held to the council next Tuesday night.

The levy of 13 mills is apportioned among the various departments as follows: Contingent fund at 4.75 mills, \$246,824.282; Streets and sidewalks at 5 mills, \$255,822.445; Interest on bonded indebtedness at 2.5-12 mills, 125,559.548; Water supply fund at 1-2 mill, 15,221.496; Library fund at 1-2 mill, 15,221.496; Sewers and drainage fund at 1-6 mill, 8,660.743.

No Change in Aqueduct.

The council received a communication from the board of public works suggesting that some changes be made in the plans for the North Temple street aqueduct and that it be put in concrete and other material from blocking the conduit. Mr. Furutsumi made quite an argument against the changes and declared that the board of public works should compel the contractors to complete the aqueduct according to contract. He moved that the communication be filed and that the board be instructed to order the contractors to proceed with the work and not to stop it. The motion was finally passed, after some discussion by other members of the council.

The request of the executive committee of the G. A. R. encampment, asking that some of the city streets be closed during the big parade on August 11, was referred to the streets committee for consideration.

The Newhouse Hotel company asked that the city deed it a strip of land 8 inches wide by 155 feet long on Carson street, just west of the hotel. The street was dedicated by Samuel Newhouse to the city just before the hotel was commenced and it was found that the company would need the eight inches of ground in addition to what it retained. The request was granted.

Mayor Bransford sent in the appointment of J. W. Treman as meat inspector under the new health code of the city. The appointment was confirmed. Mr. Treman has been a government meat inspector at the International Packing company's plant at Bonneville for the past year and is well qualified for the position. The salary was set at \$100 per month, with the office is \$15 per month.

Chief Inspector Frazer sent in the appointment of J. W. Treman as his deputy for the next four months, at a salary of \$75 per month. Mr. Treman has had considerable experience in the dairy business and will be of much assistance to the city in that matter. This appointment was confirmed.

On Library Board. Mrs. C. M. Boyd, Mrs. J. M. Cohen and Judge George F. Goodwin were appointed by Mayor Bransford as members of the board of directors of the new city library for the three years ending June 30, 1912. The appointments were confirmed. Five Chief W. H. Glavin was granted leave of absence for thirty days to attend the meeting of the International Association of Fire Chiefs at Grand Rapids, Mich., from August 1 to 30 next. The leave was granted at the chief's expense. Owing to the fact that the city is fast making up with the advance guard of the Chief of Police Barlow asked that he be allowed to appoint the twenty-five additional policemen at once to serve a month instead of two weeks as intended during the encampment. His request was granted and he will also have fifty more officers during the week of the encampment.

Chief Barlow sent in the appointment of Lynn Young as patrolman under J. P. Kelly, resigned, and the appointment was confirmed. He also sent in the appointment of George Raleigh as a special policeman without pay at the Salt Lake, which was also confirmed.

Upon motion of Councilman Black, the G. A. R. veterans and their families, the city and county building and Liberty park during their stay in the city. The council will finish up its routine business on Tuesday night and will then adjourn until Tuesday night on account of Monday being circus day.

FIREMAN IS INJURED WHILE TESTING HOSE

While testing a piece of hose on the corner of First South and Second East streets, Ben Hargrave, a member of the fire department, was struck in the face by the nozzle attached to the hose and severely injured. He was immediately taken to the emergency hospital, where Dr. Robinson M. Pinkerton dressed his injuries.

Hargrave's face was severely cut on the left side, the nose being exposed from the mouth to the ear. His upper and lower jawbones were fractured in a number of places. The accident was caused by the nozzle getting away from the crew while the hose was under a pressure of 250 pounds. Hargrave has been a member of the fire department for a number of months. He was taken to his home at 280 B street.

MUCH-WANTED MAN IS TAKEN INTO CUSTODY

Louis Hargrave, alias Louis Hardman, alias Hardman, alias Smith, was arrested by Butte, Mont., for forgery, was arrested by Deputy Sheriff Steele and Carlson at the postoffice Sunday afternoon when he called for a decoy registered letter. Hargrave is also wanted in Montana on a charge of horse-stealing. Sheriff R. O'Rourke has been notified of the arrest and will come after Hargrave.

Hargrave, who assumed the name of Smith in Salt Lake City, has been employed by the Clark-Rose Fruit company. He also is charged with breaking into the establishment last Saturday night and attempting to open the safe.

COLORADO G. A. R. COMING IN FORCE

This Is the Information Received Here Direct From Headquarters.

CIRCULAR SENT OUT REGARDING THE TRIP

"Old Boys" Say They Expect to Have the Time of Their Lives.

Latest advices from the department of Colorado, G. A. R., indicate that the "old boys" are coming from there in large numbers and with plenty of the old-time spirit to show the younger generation a thing or two. The last general orders sent out from Denver, under date of July 13, are handsomely printed on heavy paper with the official Grand Army badge engraved on the front and the stars and stripes in colors floating from one corner. The letter says in part:

"The comrades on the western slope will be able to take advantage of the regular excursion rates over the Denver and Grand Central railroads, which enable them to take the trip from Denver to Salt Lake for the encampment considerably less than those first announced, leaving the same day to connect at Grand Junction with our special train from Denver.

"This special train will leave the Union depot at Denver, Saturday, August 7, at 10-15 in the morning and arrive in Salt Lake the following day at 4 o'clock in the afternoon. The fare will be \$17.50 for the round trip from Denver, Colorado Springs, Pueblo and other points as stated in the circulars. Those desiring berths in either standard or tourist sleepers can secure them by writing W. W. Ferguson, State house, Denver.

Drum Corps Coming.
The George W. Cook drum corps will probably accompany the official train. There will be a dinner attached to the train and there will also be chair cars for those who do not desire to travel in the train. The drum corps will be used for use in smoking and swapping stories. There will thus be a continuous campfire during the trip. The drum corps will be confined during a part of the night to the first and last of the train, so that those who desire to sleep may be able to do so for an hour or two at least.

Major S. K. Hooper, who is an aide on the staff of the commander-in-chief, has promised to accompany this train personally, to see that no one becomes lost and that everything possible is done for the pleasure and comfort of the veterans. The circular further says:

"We will be met at Salt Lake City by the department of Utah and conducted to our headquarters at the Tournament hotel.

"Your commander and comrades from the southern department of the G. A. R. will be at Grand Junction. The ladies of the Women's Relief corps and the Ladies of the G. A. R. will be upon this train, accompanied by the Daughters of Veterans and the Ladies' auxiliary.

"Remember, this may be the last chance to meet again the 'boys' of your corps.

Will Furnish Kodaks.
"Remember that we shall have the phonographs playing all the latest tunes and songs. We will loan you kodaks, with plenty of film, and we will take you to the limit of the game; we will see that you get a fair show for your 'white alley'.

"Remember, you can get any information you may desire by writing to the chief of staff at Denver. He will secure you your berth, furnish the coaches, and arrange for the babies or escorts for the daughters and guardians for the 'old men'."

The orders are signed by W. W. Ferguson, chief of staff.

"Royal" State Bread Depot
Open every morning. Entrance on Third South. Good bread very cheap.

SHOT WHILE AT CIRCUS: WILL SUE FOR DAMAGES

While watching the trained animals and the funny pranks of the clowns at the Hagenbeck-Wallace show, Herbert Bauer, a 19-year-old boy, was shot in the left shoulder Monday night at 8:20 o'clock. Bauer immediately left the big tent and called upon Dr. Herbert Dean, who dressed his wound. The police were notified of the shooting and a description of the man who fired the shot given.

C. W. Woodward, residing at 262 West First South street, described the man who shot Bauer as a negro, wearing a black cap, brown trousers and a light blue shirt. It was learned at the police station that two unknown negroes had been seen outside the tent and inflicting a slight flesh wound in the shoulder of Bauer. Bauer stated that he would sue the circus for damages.

AGE WOMAN IS BEING EXAMINED AS TO SANITY

Mrs. Mary E. James of 701 Linden avenue was examined as to her sanity here by Judge Ritchie on Monday. County Physician Odell and his assistant, Dr. Kirtley, who is 53 years of age and it is claimed that her condition is due to worry, were present.

For some time past she has been rambling in her speech and has refused to eat and complain of a pain in her chest. She has frequently called for a knife to cut the pain out of her chest and it is feared that she will do herself bodily harm. The examination will be concluded this afternoon at 1:30 o'clock.

IMPORTANT DECISION BY JUDGE MARSHALL

Rendered in Cattle-Stealing Case Arising Upon Indian Reservation.

Judge John A. Marshall of the United States district court on Monday rendered a decision in the case of the United States vs. Allison A. George, charged with stealing government property, his decision stating that the increase of cattle, the original of which was given to the Indians by the government, does not become the personal property of the Indians but remains the property of the government. This will settle a much-mooted question, one which has in particular the satisfaction to the residents of the Indian reservation for a long time.

George was arrested in the Strawberry valley of the old Utah Indian reservation, charged with stealing cattle belonging to the government. The animals involved being the holdings of an Indian, and the increase of the original allotment to him by the United States. George's attorney demanded to the complaint, alleging that the United States had no jurisdiction in the matter, as the cattle were not those that had been allotted to the Indian, but were the offspring of the same. It also was set out in the denunciation that the United States was powerless to act in the matter, which was one for the state court to settle.

It was this denunciation that was overruled Monday, and George will accordingly be tried in the United States court. In his written opinion Judge Marshall defines the case clearly and concisely, stating that the cattle were the property of the United States, in which the increase of the original cattle delivered to the Indians remained the property of the United States.

As regards the increase, he states: "The increase of the cattle is the property of the United States, in accordance with the maxim, 'Pecus semit veniens.' This decision has been rendered with interest by the legal fraternity of the state.

SPECIAL NOTICE
On and after August 1 excursion rates to Lagoona and return from all stations over the Salt Lake and Ogden Railway will be 10 cents for adults and 25 cents for children between the ages of 5 years and 12 years.

The tickets that have been furnished to excursion committees of August, at the 25-cent rate, will be honored, as heretofore.

STATE TAX LEVY IS FIXED BY THE BOARD

Five Mills for General Taxes and Three for Schools Gives a Total of \$1,440,000.

Five mills for general taxes and 3 mills for school taxes for 1909 and 1910 is the levy decided upon officially and passed by the state board of equalization Monday afternoon.

The board of equalization Monday afternoon passed the levy for the general state funds and \$50,000 each year for the schools, a total each year from the 8-mill levy of \$1,440,000.

The board estimates that there will be a loss of 2 per cent in collection of taxes for 1909, and has figured in this amount. The board also has estimated the income of \$900,000 per year under the 2-mill levy on assessed property. This makes the assessed value of all the property in the state subject to general ad valorem tax as \$180,000,000.

Monday afternoon the board has printed the levy on a notice to each county auditor in the state, giving the amount of the tax levy. The results will be sent with all members of the board present.

CHILD IS INJURED ON ROLLER COASTER

Falls Out of Car at Wandamere and Sustains Several Bad Cuts.

Isabelle Jackson, 8-year-old daughter of M. R. Jackson, a farmer living between Sandy and Murray, was badly injured when she fell out of a car on the roller coaster at Wandamere park last Saturday afternoon at 4 o'clock. How the child met with such an accident is a mystery to the other men at the park. There were four girls seated in the car, three in front and one in the rear seat, at the time. The other children could not explain how little Isabelle happened to fall out. She was thrown out of the car and landed on the ground. She was taken to the hospital and is now recovering.

Had she been thrown out at the highest point on the incline, she would have fallen a great distance. She was thrown out when the car reached the end of the ride, the attendants noticed that Isabelle was missing, and immediately started a search for her. She was found in an unconscious condition about halfway around the track, directly under the car.

It is considered marvelous that she was not killed, as the car was speeding at a terrific rate. The doctors are now endeavoring to prove the theory that her body must have struck a clear opening in the trackwork.

The only criticism that has been made is that the attendants at the resort allowed an 8-year-old girl to occupy a seat by herself. The resort is now endeavoring to prevent such a recurrence.

After the accident the child was carried to the hospital and the attendants were summoned. The surgeon sewed up three wounds at different places on the child's body with seven stitches. Careful examination showed that no bones were broken, and no serious internal injuries were sustained.

Mr. McClellan notified the little girl's parents, and allowed the injured child to remain in the hospital until Monday morning, when her father called for her and took her home.

WASATCH WIZARD AND HIS WARDS

Message Is Presented at a Meeting Held at the Commercial Club.

COMMITTEES AT WORK ON THE ARRANGEMENTS

Parade on the Night of August 9 Is Destined to Be Grand Affair.

A message from the Wizard of the Wasatch received recently and presented at the meeting of the organization which has charge of the entertainment to be given the distinguished personage Monday evening, August 9, confirms the suggestions made by the different committees appointed and congratulates the wards of the Wizard on the excellent progress being made for the entertainment of the nation's defenders during that week.

At the meeting Monday night at the Commercial club, S. C. Park was appointed grand marshal of the big parade which is to be held in honor of the Wizard and Alex Pickering was appointed custodian of the wardrobes of the wards. Further details of the affair also were discussed at considerable length. The Wizard has designated 8:30 as the time for his arrival at the month of the canyon of the city, but the exact place cannot be given at present. It is planned, however, to start the parade at 10 o'clock, and to include as much as possible of the district which is illuminated for the Grand Army entertainment.

Wizard's Followers.
The Wizard will be accompanied by about a dozen followers from the regions about the earth. There also will be about fifty Indians and a large body of convicts, probably more than 100. The people whom the Wizard has designated as wards in this city probably will number about 100 in all. They will be in the procession as many bands as possible and to make the occasion one of merry making.

The parade will be held on the line of march probably will pass down Main street to Third South, east on that street to the canyon of the city, with digressions through the side streets.

Committees on membership, costumes and other matters are now at work getting affairs into shape for the event. Many details already arranged indicate that the undertaking will be unusually effective and that the parade will contain a number of beautiful features. Another meeting of the wards of the Wizard will be held at the Commercial club Thursday evening, July 29, at 8 o'clock.

UNIVERSITY OF UTAH

SUED BY OVERFIED

Irregularity Is Alleged in Letting Contract for Four Stokers.

Chauncey P. Overfield filed suit in the district court Monday against the University of Utah, its regents and State Auditor Jesse D. Jewkes to enjoin defendants from taking any further action in relation to a contract let on June 21 for the installation of four stokers and appliances at the university heating plant and to have said contract declared illegal and void. Overfield alleges that he is a taxpayer of the state and that it is the duty of the regents of the university to advertise for bids for improvements and equipment at that institution and to let the contract to the lowest responsible bidder.

On June 21, it is alleged, E. H. Beckstrand, acting on behalf of the university, entered into a contract with the Under-Feed Stoker company of American Fork, Utah, for the installation of four stokers for the sum of \$3454. That there was no advertisement for bids for said stokers and no competitive bids received for the same and that the price to be paid for the stokers is far in excess of what should be paid for equally efficient stokers.

If the contract is carried out, Overfield claims, the taxpayers of the state will suffer irreparable injury. Hence, it is asked that the contract be declared illegal and that the regents be restrained from authorizing the payment of any warrants on the state treasurer for the work and that the auditor be restrained from issuing any warrants on the state treasury for the matter to the lowest responsible bidder.

Mr. Overfield, in addition to being a taxpayer of the state, is agent for the American Stoker company in Utah.

SPECIAL MEETING HELD BY BOARD OF WORKS

Estimates in Favor of P. J. Moran Approved and Inspectors Appointed.

COMMITTEES AT WORK ON THE ARRANGEMENTS

Parade on the Night of August 9 Is Destined to Be Grand Affair.

The board of public works held a special meeting Monday afternoon and rescinded the resolution passed at its last meeting, wherein it decided not to approve of the estimates in favor of P. J. Moran, for the Main street paving and repairs on sidewalks, until the contractor put in expansion joints in the sidewalks as ordered by the board. Although the paving has been completed some days, the board refused to pass on the estimates, because the expansion joints were not put in between the sidewalks and the curbing. After rescinding its former action, the board passed three estimates in favor of P. J. Moran, amounting in all to \$46,761.98.

It was decided by the board that the bond of \$15,000 put up by the contractor as a guarantee of the work would cover any damage caused by reason of the expansion joints being left out, and as the bond runs for five years any defects can be detected in that time.

The estimates in favor of Mr. Moran approved by the board are as follows: First partial estimate, Main street paving, \$12,068.91; second, \$23,461.52; third, \$11,231.55. The final estimate, amounting to about \$7000, has not been approved as yet. These estimates were all approved by the city council at its regular meeting Monday night.

A communication was ordered sent to the city council asking for information as to the amount of watermain extensions to be completed this year under the contract of Doyle Bros. & Schwartz, as the contractors want to secure the necessary material in due time.
